

Traveling Player Policy 2010

Any WAR player traveling to another NERO International Chapter and attending a NERO International sanctioned event must request their character sheet no later than the Wednesday before an event. Please e-mail your request to records@warweb.org stating which character (if applicable) is needed, and the chapter you will be attending. A copy of your character sheet will then be mailed to that particular chapter and copied to the requesting player's e-mail address as well. Be sure to print out that character sheet for your records in case something would happen and the chapter would not receive your e-mail.

After you have attended the event, please print out the form below and have it signed by the chapter owner. Once this is signed, please present the signed sheet at the next WAR event you attend, and your character sheet will be updated at that time.

If there are any questions, please e-mail WAR at war@warweb.org
